Fireplay by Rand and Marlene

Fireplay consists of swabbing a portion of the skin with a thin layer of isopropyl alcohol and setting it on fire for a very short period of time. Those who experience it claim that not only is the sense of (real) danger a rush, but there is also the warm sensual sting of the fire as it caresses -- and lightly burns -- the skin.

Please pick up a copy of the Fireplay article on safety which can be found on the RCDC resource table.

Our mission is to offer an informal neutral forum and a supportive environment to diverse alternative interests. RCDC stresses education, resources, and social in a friendly atmosphere.

NOT - RCDC is **NOT** a swing club, nor do we offer dating or professional services. RCDC does not accept unlawful or non-consensual orientations such as abuse, bestiality, under age, or dangerous interests. RCDC doesn't maintain mailing or phone listings, nor do we give out such information.

ALMOST MONTHLY MEETINGS - RCDC features guest speakers and lively discussion and stresses education, safety, resources, workshops, social, and great FUN. Meetings are attended by ladies and gentlemen (75+ people) of all interests, ages, and backgrounds (just like you). You are not required to join the club to attend. There is no dress code inside the safety of the meeting room.

ACCEPTANCE/SUPPORT - Our membership promotes the encouragement of people in their acceptance of themselves as normal, productive individuals that also have unique preferences. Different is the norm here.

WHO ATTENDS MEETINGS - Open to all adults over 18 years of age. RCDC is pansexual and honors diversity (like no one else can) and is open to ladies, gentlemen, couples, and singles. Members, non-members, visitors, beginners, "mainstreamers", and "newcomers" are all welcomed and encouraged to attend the monthly open program meetings.

SINGLES - If you are single, or part of a couple & attending as a single, you are most welcome to attend meetings. Our goal is continue to create a high quality safe atmosphere that single people will find comfortable.

NEWCOMERS - You are more than welcome and you will find plenty of company. You're OK and you are not alone.

BEYOND BDSM - RCDC is open to all fetishes and interests that are safe, sane, and consensual. If you have a fetish or interest other than BDSM, RCDC is still the right place for you. People of various fetishes and interests attend RCDC meetings, though these interests are less noticeable (up to you to change this!).

Fireplay by Rand

Fireplay consists of swabbing a portion of the skin with a thin layer of isopropyl alcohol and setting it on fire for a very short period of time. Those who experience it claim that not only is the sense of (real) danger a rush, but there is also the warm sensual sting of the fire as it caresses -- and lightly burns -- the skin.

If you are combining BDSM with fireplay, avoid using bondage. Since hair burns, and burns fast, only hairless areas of the body should be used for fireplay. If you have long hair, tie it up out of the way.

Check for, and remove or cover, all flammable items in the play area. This includes the bottoms clothing!

If you are careful and use my techniques everybody should be perfectly safe. In case of problems you must have the following safety items close at hand:

100% cotton washcloth soaking in a bowl of ice water. This is for basic burn first aid. Never put ice directly on a burn.

100% cotton towel saturated with water. Use this to smother any out of control flames.

A Fire Extinguisher. Do not let a small problem become a disaster!

Avoid Overhanging Body Parts

Heat rises. As my friend Hayden says, "Don't look down when your tits are on fire!"

Avoid Areas That Pool

You will be using a very small amount of alcohol to cause brief flashes that burn out before they burn the submissive. As a result, you want to avoid areas like the navel that the alcohol can pool in and continue to burn.

Do Not Play With Anything That You Cannot Risk Burning

Your submissive's genitals may seem like a fun area to play with but remember that you *could* still burn them. Do you really want to have to treat even minor burns there? The same goes for faces and anywhere that bra straps and waist bands rub against.

Avoid Hair

Hair burns, it singes and it smells horrible while it does so. If your submissive has body hair on a part of their body you wish to play with, either have them shave or avoid it.

Do not leave an open container of flammable liquid in the presence of an open flame.

Most of the info above was taken from the internet and edited/amended by Rand
